## REGISTER! REGISTER!

Our nation is quite proud of its democratic institutions. In a world where tyranny and fascism still hold extensive sway, we boast of our adherence to majority rule.

The fact is, however, that in our elections we rarely, if ever, have an expression of rule by the majority of all the citizens. What we have is rule by a majority of those who cast their ballots. But even in the hottest contests, especially the Presidential election, it is most unusual for more than two-thirds of the registered voters to actually exercise their privilege. This, of course, still leaves the uncounted tens of thousands who never even bother to register.

All of this leads up to the point that registrations for the elections of November 7, close in California, September 28. Every citizen who has not already done so should register on or before that date and then follow through by voting, November 7.

Excuses for failure to register or vote don't count in the balloting!

## MUNICH

Six years ago in late September a thin man with a bird-like face stepped from an airplane at London's Croydon airport carrying a black umbrella in one hand and a white piece of paper in the other. He had just returned from Munich.

The black umbrella was a familiar sight to the happy crowd that surged about him. To the people it had become as much a part of Neville Chamberlain, then Prime Minister, as his graying mustache. But the white piece of paper . . . The crowd quieted expectantly as he held it up to read from it. The German Fuehrer, it said, and the Prime Minister were agreed that their two nations need never go to war.

There was a burst of frenzied cheering. "It means peace in our time," he cried. But neither he nor the people really knew Adolph Hitler—yet.

"Peace in our time." Those words echo strangely in the halls of history, crowded with the tremendous and tragic events of the past six years.

Today the world asks: Was Chamberlain putty in the hands of Hitler? Or did he bargain for time to re-arm Britain knowing that war was inevitable? Would Britain have survived if the war had begun in 1938? Was Chamberlain a weakling or the savior of civilization?

These are questions which time may or may not answer.

## OUR CONDUCT ON "V-DAY"

Governor Warren has urged that celebrations held when the war in Europe ends should be of a "patriotic and spiritual kind."

Civic leaders in one community declared, "We feel that when the day arrives . . . we follow a program directed to reverent thanksgiving . . . and celebration be held to a minimum."

Let us make it a day of work and worship, a day dedicated to the memory of those who have made the supreme sacrifice," was the appeal of the Seattle Council of Churches and Christian Education.

These statements should be heeded, especially by those who now feel that the end of fighting in Europe should signalize the start of a wild exhibition of drinking, shouting and street parading.

On "D-day," millions of Americans gathered in churches to pray for the protection and success of our armies. Others, in offices, stores and factories observed a moment of silent prayer. Why should we not do the same thing on "V-day"? Is it consistent to go to the tabernacle to pray for victory, and then visit the tavern to give thanks for that victory?

This does not mean that we should suppress our happiness. Far from it. But happiness can be adequately expressed without the aid of a bottle or boisterous babbling.

What is more—the defeat of Germany will still leave Japan to be dealt with. And only those who have met the Japs muzzle to muzzle know just what that means. Members of one labor union have pledged not to leave their jobs on "V-day" in order that production for the Pacific front will not be hindered. Their example will be a good one to follow.

So let us make "V-day" an occasion for renewing our efforts and our determination to see "this whole thing" through to a quick and successful conclusion. Let us "observe" it in our hearts instead of "celebrating" it on the streets.

## Mrs. America Meets The War - -

Remember, Mrs. America, you'll be using only blue stamps instead of the little blue tokens after October 1 for canned fruits and juices, tomatoes, catsup and chili sauce—so hurry and use up those remaining blue tokens between now and the end of the month, for they won't be any good after that. And OPA says it's okay to pool your few remaining blue tokens with a neighbor to get the required ten. Who gets the food is up to you to decide!

Does your family go for baked onions or thick slices of sweet Bermudas with their hamburgers? Then you'll receive with glad acclaim news from the War Food Administration that even heavy Government war needs will not use up the bumper crop. So we're all urged to store maximum quantities of the tear jerkers during the peak of the crop, and to increase our files of onion consuming recipes.

Have you noticed how many more things are appearing on store shelves in glass containers? That's because the War Production Board has released more glass for civilian use. The availability of glass containers for packaging most foods, drugs, and health supplies is now unlimited WPB says.

"To market, to market, to buy a fat pig—" and if you treat Mr. America to juicy, meaty spare-ribs your red points won't suffer any loss. Spare ribs are just one of the many point free cuts of meats—and what better Sunday dinner could you imagine than spare-ribs, baked sweet potatoes, and corn bread? No points—low cost—the housewife's dream!

Did you know that—Irish potatoes stored in light will turn green and taste bitter? They will turn into sugar and taste sweet if kept at temperatures below 40 degrees Fahrenheit? They will spoil if frozen? They should be stored in a cool, dark place where the temperature does not rise above 60 or fall below 40 degrees.

"It's an ill wind," my grandmother used to tell me, "that doesn't blow someone some good." So now the tin shortage has been the means of increased production of the June bride's stand-by, the can opener. In recognition of the seriousness of the tin shortage, and in order to assist in the salvaging of tin cans, the War Production Board has authorized the production of househld can openers increased by 50 to 100 per cent. Remember, Mrs. America, those tin cans are weapons of war!

"17 Babies this week—and he hasn't seen his own grandson!"

"TONIGHT the Doctor was hoping to finish early, so he could take a two-hour train trip and snatch a look at his new 4-day-old grandson. But no—the phone caught him again. So now he's off to deliver Mrs. Johnson!"

Doctors have always been 'round-the-clock men. But since Pearl Harbor, with half of our physicians in the armed forces, each civilian doctor is more in demand than ever. He is on call today to an average of 1700 people.

Your doctor's minutes may be lifesaving time . . . too precious to waste. Help him save time for people who need him urgently, for yourself in an emergency, by remembering these four helpful things when you are ill:

PHONE HIM FIRST. Tell him as clearly as you can what's wrong. Let him decide whether he should come to see you, or you should go to him.

GO TO HIM whenever you are able. House visits take lots of your doctor's time—time when someone else may really need him urgently.

KEEP YOUR APPOINTMENT promptly, don't postpone it; make it at his convenience, so that he can plan his crowded hours better.

FOLLOW YOUR DOCTOR'S ADVICE to the letter—so that your trouble doesn't drag on, get complicated, or need extra attention from him.

SAVE YOUR DOCTOR'S TIME IN WARTIME!

### How to buy vegetables

**EVER WONDER** how *much* of a fresh vegetable to buy, so there'll be plenty for everyone at the table but with the least possible amount of waste? Here at the Homemakers' Bureau, we had that problem presented to us. We did a lot of testing, under normal kitchen conditions. And we found some answers which you may want to keep as a "kitchen pin-up" for reference when you make out your shopping list from week to week:

# Begin To Issue Checks To Veterans

Checks are being issued this week in the 78 offices of the California Department of Employment to veterans of World War II under the G. I. Bill, it was announced by James G. Bryant, chief, Division of Public Employment Offices and Benefit Payments. Officially known as the Servicemen's Readjustment Act of 1944, the G. I. Bill was passed by Congress in June, and its provisions granting benefits to unemployed veterans became effective, September 5, Bryant stated.

Servicemen's readjustment allowances of $20 a week for total unemployment are provided from Federal funds, he said. Due to benefit payment facilities, the California Department of Employment has been designated as the agency for taking and paying of claims under the unemployment provisions of the Bill, which provide up to 52 weeks of allowances for total or partial unemployment or self-employment.

Allowances are available to veterans in continuous or intermittent weeks of unemployment occurring prior to two years after discharge or after the end of the war, whichever is later, Bryant said.

# Cold Days Ahead!

*By Frances Lee Barton*

HOT days are coming, but remember there are always cold days ahead. Stock up with jams and marmalades as the various fruits and berries appear locally. Here's a strawberry treat for next winter—if your menfolk will leave it on the shelf that long:

**Strawberry Marmalade**

4 cups (2 lbs.) prepared fruit; 7 cups (3 lbs.) sugar; ½ bottle fruit pectin.

To prepare fruit, peel off yellow rind of 2 medium oranges and 2 medium lemons with sharp knife, leaving as much of the white part on fruit as possible. Put yellow rinds through food chopper. Add ½ cup water and ⅛ teaspoon soda, bring to a boil, and simmer, covered, 10 minutes. Cut off tight skin of peeled fruit and slip pulp out of each section. Add pulp and juice to rind and simmer, covered, 20 minutes longer. Crush thoroughly or grind about 1 quart fully ripe strawberries. Combine fruits.

Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Mix well, bring to a boil, and boil gently 5 minutes. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes, to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 10 glasses (6 fluid ounces each).

# Art Commission Lists Winter Musical Events

Fourteen outstanding musical events for this winter have been announced by the San Francisco Art commission.

The San Francisco symphony, conducted by Pierre Monteux, will present prominent guest soloists in four performances at the Civic auditorium. They are: Pianist Alexander Brailowsky, December 9; Yehudi Menuhin, January 25; Marian Anderson, March 2; Grace Moore, assisted by Raul Jobin, Metropolitan tenor, and the municipal chorus, April 10.

The Ballet Theatre will sponsor ten performances in the Memorial Opera House, February 1 to 4, and February 8 to 11, inclusive.

# Close Historical Harbor Station

San Francisco's historical Harbor police station, in operation since the days when drugged seamen were shanghaied by sailing captains to solve their manpower shortages, has closed its doors—to solve a manpower shortage in the San Francisco Police department.

The Harbor station has been discontinued "for the duration" to release policemen for work in other districts of the city. With the harbor area now being policed largely by the military, the 55 patrolmen formerly on duty there have been transferred to the Park, Northern, Taraval, Mission, and Potrero stations.

Meat is needed in your everyday diet - especially during these days of long and strenuous hours. Our fighting men and women are given generous allowances of meat to maintain their health and general condition.

Civilians need it too, and those troublesome points are necessary to insure an equal division of the supply. You can get the maximum food value from your rations if you use your points for FARMERS quality meats.

*During the summer vacation period our market will remain closed Monday each week.*
